Welcome!

We want to take a moment to welcome you to our new semester! We are looking forward to having a semester full of fun learning experiences for the children, parents, and teachers. It takes time for everyone involved to get comfortable with new schedules, new environments, and new faces. The partnership that we develop between families and staff is vital to making your child's transition to school a positive experience. We appreciate your efforts and if we can help you in any way please ask any of the teachers. We are here for you and your child. Thank you!

Getting to know you and your child:

We will be creating special books about your child's activities at school and the development that occurs throughout the year. These books stay in the classroom and we look at them with the children during our day. We would like the first page or so of the journal to be a page

about your child, your family, and anything about life at home that you would like to include. If you would like to personalize the cover of the book with a close up photo of your child and your child's name, we can use that cover right away, too! We use sheet protectors to protect the pages of the book. We invite you to create a page (or two or three!) on 8.5 by 11 inch paper that includes photos and words about your child's home, family members, pets, special comfort items, vacations, etc...

Please be sure to fill out the survey at <http://goo.gl/p0x9s5>

If you have not had a chance yet. Thank you.

Things To Bring:

- Diapers and wipes.
- We can't put on any creams on your child without your written permission. Please see Linda in the front office for the form, if needed.
- A change of clothes: two sets of socks, shirts, pants.
- A family photo (4x6) in a frame of your choice with the glass removed.
- 1" 3 ring binder and one package sheet protectors

Classroom Blog

Room 2 will have a classroom blog this year. It is located at <http://wordpress.miracosta.edu/yi-chengh>.

It will contain updates about the classroom, photos of the children's activities, and information about what the children are learning. The first posts will likely highlight our environment and what children learn. We hope you enjoy it! If you have suggestions, let us know.
