Children will be invited to explore different materials as a small group in the art studio and have the opportunity to work on long term projects

Indoor Exploration

9:00-10:00

Children spend time exploring important concepts and skills in a hands-on way. Much of this time involves children freely choosing what they want to do with the learning materials provided.

Snack

10:00-10:15

When we eat together we can connect socially and build language by having deep conversations with one another. We also learn math concepts when serving food and practice fine motor tasks.

Diaper Changing and Toileting

This is a good opportunity for teachers and children to connect with each other. Children practice self-help skills and learn about their bodies.

Outdoor Exploration

Children spend time exploring important concepts and skills in a hands-on way. Much of this time involves children freely choosing what they want to do with the learning materials provided.

Clean-up

11:00-11:10

This is a calming time of day, preparing us for the last group time. We involve children in the care of their environment as we do throughout the day.

Language Opportunity

11:10-11:30

Children are invited to sit down in a group and listen to stories or sing songs with the teacher. This is when we build our caring community of learners. This is a time when we reflect on the day and say goodbye to everyone.

Saying Goodbye

11:30

Families and teachers reconnect to talk about how the day went. Goodbyes are exchanged between families, children, and teachers. We look forward to the next day together!

This schedule is subject to change based upon the needs of the children and/or weather concerns.
