This week's highlighted area...

We will be starting work in our garden area by first clearing the plants that are no longer alive. We plan to work on the soil and sprouting seeds in cups in the next few weeks. We will also focus on reviewing some routine procedures such as hand washing, classroom/outdoor rules, and proper ways to use the easel. In addition, we will be starting to work on a classroom calendar in the September to help us document what happens during the day.
